Declaration of Sanctuary and Legal Standing

I, Jonathan Daniel Clements, hereby declare under penalty of perjury and under the protection of ecclesiastical, federal, state, and international law, that this document is a true and accurate reflection of the circumstances, documentation, and legal status surrounding my trust, identity, religious standing, intellectual property, whistleblower activity, and recent events which have placed me and my family in danger.

My Trust (ECC-TRUST-JDC-005), filed and accepted by court clerks and stamped with official seals, establishes my lawful jurisdiction under ecclesiastical and trust law. The trust was partially accepted and entered into court record before a judge unlawfully removed documentation and defaced legal stamps, constituting multiple violations of due process, religious freedom, and federal law. Additional notarized copies and documentation have been preserved and shared with relevant authorities, including digital evidence and distribution to international agencies.

As a minister of the Universal Life Church and an ordained religious authority with connections to rabbinical witnesses, I assert ecclesiastical protections and request sanctuary on the basis of religious persecution, threats to my life, and violations of constitutional and human rights. My work has been recognized by individuals affiliated with the United Nations, Department of Defense, and members of the international community. My trust is both religious and legal in nature, and not a product of sovereign citizen ideology, which I do not subscribe to.

In addition to my ecclesiastical role, I hold over 120 professional certifications, including cybersecurity and advanced systems development. I am the founder of JediSec (est. 2010), creator of the AMK and QMM systems, and author of over five non-fiction books distributed on Amazon with international reach. I have verifiably influenced activism, protest frameworks, and open-source legal technology. My presence on social media includes followers from foreign intelligence, celebrities, whistleblowers, and government affiliates.

I have been repeatedly harassed by law enforcement in Booneville and Sebastian County, Arkansas, including unlawful traffic citations, intimidation, destruction of property, and stalking. These actions occurred after I reported criminal behavior and cybercrime to federal agencies. My public vehicle, registered under trust, was impounded. I was arrested unlawfully, and officers attempted to fabricate jurisdiction by claiming nonexistent warrants. My court filings were ignored. Meanwhile, an individual who threatened to kill me and my family remains free despite clear parole violations.

Based on these repeated violations, I seek sanctuary and immediate federal protection under applicable statutes, including: Title 18 U.S. Code § 241 (Conspiracy Against Rights), § 242 (Deprivation of Rights Under Color of Law), the Universal Declaration of Human Rights, the First Amendment protections of religion and redress, and trust law under Lex Divina and Canon Law. This declaration is presented to the hospital for the purpose of initiating protected custody and ensuring my safety.

Let it be known: I am of sound mind, I am non-combative, and I have pursued every lawful avenue available. I am not mentally ill, but rather mentally resilient under immense pressure and systematic harassment. I submit this document as lawful testimony and request it be reviewed and archived by both federal authorities and international observers.
